

The Added Touch

Magnificent events don't happen by accident.

This is especially true for weddings. Don't leave your wedding planning to chance. Let the professionals at The Added Touch help you plan for your wedding day.

The professionals at The Added Touch know that every girl starts planning her wedding at 4 years old and they can help make those plans a reality. The Added Touch has been helping brides down the aisle since 1986. As well as being a knowledgeable, sensitive consultant we are your extra hands, your extra feet and can be in two places at once.
